

# ANNUAL HIRE TERMS OF USE 2024/5

Annual hire is an extended hire, which runs September 2024 to July 2025.

*List of leotards available - <https://derivativeleotards.co.uk/product/annual/>*

## Annual Hire Booking Process

### General Information

Please ensure you check the options available for your specific discipline. E.g. Women's Pair please look at the pages titled Women's Pairs.

If you cannot find anything suitable, please contact a member of our team as soon as possible. We can add you to our waiting list, from which we plan to have everyone sorted by September.

Annual hire for customers outside the UK is permitted. The cost for delivery and any customs charges will, however, need to be covered by the customer for both initial delivery and their return in July next year. If this is unsuitable, we would recommend looking at our options for sale.

Leotards are for use by 1 partnership only. If the partnership changes, we must be notified and decision can be made on a case-by-case basis.

Temporary alterations are permitted (including tacking skirts and/or sewing of country flags when representing a National team). If you need to wash annual hire leotards during the season, please notify us for instructions on how best to do this.

No other sets currently available in our main hire collection will be added to the annual hire list.

### Booking Stages

1. Contact us via Facebook Messenger with the set you would like to book
2. Arrangements will be made for the set to be posted out to try on
3. Once delivered, you can decide if the leotard(s) will be suitable for you
4. If suitable, payment for annual hire is made and agreement signed
5. If unsuitable, the leotard(s) must be posted back to our warehouse. Once returned, we can look at alternative options

Please note, reservations cannot be made without payment. Once the try on is booked, your leotard(s) will be reserved until the end of your try on period.
